

INSEAI 2023 - LECTURE

AN APPROACH TO THE ECONOMIC PROBLEM OF INFORMALITY IN ARGENTINA

Diego Masello

(ITRAS, Fuocra/Univ. Nacional de Tres de Febrero, Argentina)

dmasello@untref.edu.ar

ABSTRACT

This conference examines the economic impact of informality in Argentina from a structural perspective, assessing its weight relative to the size of the modern sector and the potential effects of productivity gains within the informal sector. It also discusses key methodological challenges in measurement and the relevance of these distinctions for public policy design. The session will be in English with automatic translation for those who need it.
