

INSEAI 2023 – DISCUSSION

PATTERNS OF OCCUPATIONAL CHANGE AND INFORMALITY IN MEXICO FROM AN INPUT-OUTPUT PERSPECTIVE

Miguel Ángel Casau
(UAM, Spain)

miguel.casau@uam.es

October 1st, 2026

17:00 (CEST)/9:00 (Mexico)

Place: UAM (Spain)

[Link to Meet](#)

Moderator: Jesuswaldo Martinez Soria (CS-IBD, Mexico)

ABSTRACT

This presentation examines occupational change and its relationship with labour informality in Mexico between 2012 and 2024. Using a socioeconomic classification of occupations, it explores differences between formal and informal employment and the factors driving their evolution. The findings show that informal employment remains concentrated in low- and middle-socioeconomic occupations, while productive transformation contributes more strongly to formal employment in higher-level occupations. The session will be held in Spanish with automatic translation.
